

POWERFUL CONNECTIONS

MOTO™ H780
UNIVERSAL BLUETOOTH® HEADSET

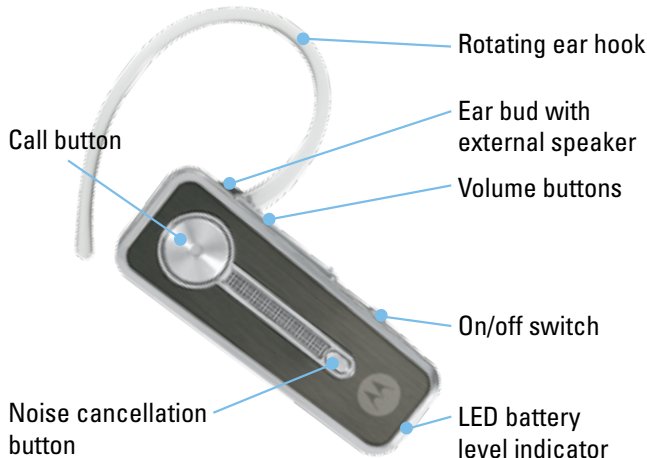

motorola.ca/H780

HELLOMOTO™

They say it's all about who you know. Well, it's time you met the **MOTO H780**. Enjoy crystal clear audio on both ends of the conversation with Motorola Bluetooth® headsets, ranked best in background noise cancellation.* CrystalTalk™ technology takes your conversation seamlessly from the office, to the street, to a crowded airport. Seven hours of talk time allow you to spend more time talking and less time charging. You can even accept calls from both your personal and business Bluetooth-enabled phones with multipoint technology. So, as you take on the day, you're connected to what really matters.

The H780 is for existing Bluetooth-enabled headset users who are looking for the latest audio technology and functionality. These business professionals seek out maximum performance and sleek design.

Hear and be heard

Enjoy exceptional sound quality on both ends of the conversation with Motorola Bluetooth headsets, ranked best in background noise cancellation.* With CrystalTalk technology, the H780 headset is engineered to filter out background noise and automatically enhance frequencies to improve call clarity on both noisy and quiet environments during your busy day. CrystalTalk. Be Heard.

Extended talk

With approximately seven hours of hands-free talk time, spend more time talking and less time charging. Check the battery level indicator to know when it's time to recharge so you can have power when you need it.

Double up

Simplify your busy life and accept calls from your personal and business phones. Using the H780 you can connect with two compatible Bluetooth-enabled phones. No need to reconnect.
