BLUETOOTH® IN-CAR SPEAKERPHONE

Continue your conversation when you enter your car with Motorola's *Bluetooth* In-Car Speakerphone T325. Its intuitive design includes an entry on/exit off feature that automatically connects your mobile to the speakerphone as soon as you enter your car. And it's a great hands-free alternative to *Bluetooth* headsets. So, what are you waiting for? Get going!

Key Features

- **Completely Hands-free** – Allows you to take all your calls while keeping your hands on the wheel.
- **Entry On/Exit Off** – Automatically turns on when you get into your car and off when you get out
- **Easy Listening** – Calls come in loud and clear thanks to two large powerful speakers and the latest echo and noise reduction technology.
- **Who's Calling** – Audibly announces the names of incoming callers from your phonebook—compatible with up to 1500 names
- **Favourite Contact List** – Intuitively updates and stores your 25 most frequently used phone numbers, allowing you to instantly speed dial the people you call most at the touch of a button
