

MOTOROKR™
T505

GOODBYE ORDINARY. HELLO REVOLUTION.

Bluetooth® in-car speakerphone with digital FM transmitter

MOTOROKR

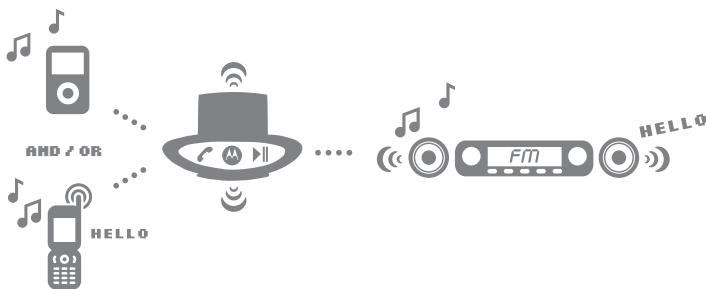

rock communicate amplify surround

www.motorola.ca/T505

THE T505 IS FOR THE CONSUMER WHO WANTS A MORE PERSONALIZED AUTOMOTIVE MUSIC EXPERIENCE AND IMPROVED VOLUME AND CLARITY IN AN IN-CAR SPEAKERPHONE, WITHOUT THE HASSLE OF WIRES OR INSTALLATION.

Now consumers can enjoy their music and calls with the clarity and loudness of their car stereo system. Using years of Motorola research, development, and exclusive technology, the **MOTOROKR™ T505** lets them bring their own personal music collection on the road — while taking and making all their calls hands-free.

T505 connects wirelessly to your stereo via FM transmitter.

KEEP THEIR HANDS FREE AND MUSIC FLOWING LIKE NEVER BEFORE

Goodbye Muffled. Hello Loud & Clear.

Compatible Bluetooth®-enabled phones¹ wirelessly connect to a car stereo system via the **MOTOROKR™ T505** for the ultimate in hands-free calling. Using the latest echo and noise reduction technology, the T505 speakerphone gives each user better clarity and loudness, with the powerful internal speaker or through the car stereo, than previous hands-free devices. And with the spoken Audio CallerID², consumers will know exactly who's calling — without ever looking at their phone.

Goodbye Boredom. Hello Groove.

The portable **MOTOROKR™ T505** also lets consumers take their great personal music collection with them on the road. Streaming through a car's stereo via a digital FM transmitter, consumers can enjoy their music from a compatible *Bluetooth* stereo enabled phone (with the *Bluetooth* Stereo Profile - A2DP), iPod or other MP3 player while still being able to take and make calls.

Goodbye Static. Hello Breakthrough.

Using the T505, consumers will get a crystal clear FM connection to their car radio. The T505's breakthrough StationFinder™ technology continually searches the FM dial for the best and clearest station available. With the T505, the entire FM frequency is available for searching — many other FM transmitters limit you to just a few stations. Press a button, and the T505 will announce the optimal station to tune to for great digital music entertainment — anytime and anywhere.

Goodbye Wires. Hello Portable.

The T505 attaches to any car visor, making it truly portable. This gives consumers all the convenience of improved wireless hands-free talking and calling and access to their personal music, without the need for installation. With up to 20 hours of talk time and 14 days of standby time. Simply clip-tune-and-go.

Retail Part Number: 22008N

Universal Compatibility

Tested to work with over 200 phone models from more than 15 brands like Motorola, Nokia, Samsung, Sony-Ericsson, and LG.

¹ This device supports *Bluetooth* Advanced Audio Delivery, Audio Video Remote Control, Hands-free, and Headset profiles. The experience icons identify devices that utilize the same profile(s), helping to ensure basic compatibility between such devices. However, certain advanced *Bluetooth* features, including those listed, may not be supported by all devices featuring such icons, and/or the functionality of such features may be limited in certain devices, or by certain wireless carriers. Contact your wireless carrier about feature availability and functionality, or visit www.motorola.ca/bluetooth for more details.

² Network and/or SIM card dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply.

The use of wireless phones while driving may cause distraction. Discontinue a call if you can't concentrate on driving. Additionally, the use of wireless devices and their accessories may be prohibited or restricted in certain areas. Always obey the laws and regulations on the use of these products.

¹² month limited warranty. You may obtain a copy of the warranty prior to purchase from your retailer.
